

Dashboard

In the dashboard they have different views to display important information

Current:

Under Current you will find all current offers that you have created at the moment. By default, the offers of the current week are always displayed, but you can customize the display of offers by the filter function.

You can filter the offers by customer, number plate, VIN or after the period and confirm this filtering with the filter button.

In addition, they can also import orders from the DMS to the MPO. To do this, select the appropriate period you want to import and confirm with the synchronization button.

Afterwards MPO imports the orders from the DMS into the MPO and displays them on the dashboard.

The screenshot shows the MPO dashboard interface. At the top, there is a navigation bar with tabs for Dashboard, Appointments, Service Advisor, Accessories, Service, and Explanation Tool. Below the navigation bar, there are filters for 'Current' (0), 'Due potentials' (5), 'News & Updates', and 'Support Note'. A search bar for VIN and date filters (15.10.2019 to 29.10.2019) are visible. The main content is a table with columns for #, Description, Sum, Due, and DMS Sync. The table contains five rows of data representing current potentials.

#	Description	Sum	Due	DMS Sync
#7222 Clio III X85, CR1S Musterhausen	WU-CR1S VF1CR1S0H45782798 toll		2019-10-15	<input checked="" type="checkbox"/>
#7220 Duster New Service, Wartung A+B	WU-DA 2019 VF1HJD20062417523 test		2019-10-15	<input checked="" type="checkbox"/>
#7219 Duster New Service, Wartung A+B	WU-DA 2019 VF1HJD20062417523 test		2019-10-16	<input checked="" type="checkbox"/>
#7223 Geier, CB3K Würzburg	WU-CB3K VF1CB3KEF41925302 Air conditioning compressor oil 30 ccm*	6,63 €	2019-10-24	<input checked="" type="checkbox"/>
#7220 Geier, CB3K Würzburg	WU-CB3K VF1CB3KEF41925302 Depp	8,02 €	2019-10-25	<input checked="" type="checkbox"/>

Due potentials:

Here you can see all current potentials that are due. You can filter here to VIN or a certain date if you only want certain potentials becomemn displayed and then confirm that with the filter button.

You can also edit or delete the potentials here or synchronize them with the DMS.

News & Updates:

On the news and updates page you will have an overview of all current changes made in the program and you will have an overview of current Renault actions.
